On Thursday 15<sup>th</sup> and Friday 16<sup>th</sup> of June, OGH organises its first Tech Experience. This conference will be a merger of the successful Fusion Middleware Experience and DBsA & SQL Celebration Day. This two-day event will serve the complete Oracle Technology Stack.

Keynote speakers are: Maria Colgan (Oracle), Lucas Jellema (AMIS) and Duncan Mills (Oracle). Other speakers from Oracle that have confirmed their participation are Duncan Mills, Chris Saxon, Toon Koppelaars, Geertjan Wielenga, Ralf Muller, Grant Ronald, Frank Nimphius and Steven Davelaar. The program will consist of more than 80 sessions, with 13 ACE Directors, 13 ACES and 7 ACE Associates!

Maria Colgan | Oracle  
Master Product Manager

Lucas Jellema | AMIS  
Chief Technology Officer

Duncan Mills | Oracle  
Senior Director

The topics discussed during these two days are very divers. What makes this year special is that there are a good amount of sessions that explore new horizons. This includes micro services, chat bots, Internet of Things, machine learning, Blockchain, Platform-as-a-Service, user experience. as well as some exiting new updates to the database.

The conference will take place in the "Rijtuigenloods", an industrial looking place because of its former use for railcars to be restored and painted. The entrance ticket will give you permission to the two-day conference and the evening program on June 15<sup>th</sup>. Parking is free at Rijtuigenloods. You can book a hotel room at **NH Amersfoort**, about 15 minutes walk from the Rijtuigenloods.

*It could be possible that other providers offer divergent prices. Using this form you will book a hotel room directly at NH Amersfoort.*

#### Prices Tech Experience 2017:

Membership	Number of tickets	Price
Individual	1	€ 175,00 p.p.
Company member	3	€ 175,00 p.p.
