This utility will do what you do with your keyboard and mouse to download GSTR-2A and will not work if you minimise the browser, user should let it do its job until it complete the process.. Please note that you need to enable Macro in your excel. Log in the GST portal in Chrome or Firefox and fill up the list of month you want to generate/download GSTR-2A. Now select generate/download/view (based on your need) button. For any queries, please feel free to contact me.
