

# Orthopedic Clinic

80 Jesse Hill Jr Drive SE Atlanta, GA 30303 | (404) 616-4473 | *Monday, Wednesday, Thursday, Friday, 8 a.m. to 5:30 p.m*

As a level I trauma center, Grady is well known for the treatment of trauma-related fractures and injuries. Our orthopedic surgeons specialize in the evaluation and treatment of musculoskeletal injuries and conditions including arthritis, deformities, hand and upper extremity injuries, and spinal disorders. We also have orthopedic trauma specialists to treat those who may have been injured in auto or motorcycle accidents, falls, or other incidents that resulted in multiple broken bones, compound fractures and fractures near a joint.
