WOW! Just 6 cars were produced with these specs, and only 1 in this colour but over and above that, it further went to the SLP performance group... where it was tweaked for both power and looks. So this car is truly a 1 of 1 car! There is no other like it and it's super rare! This is the last year before the almost 10 year Camaro hiatus, so this is it, highly desirable and collectible. This car can be your toy AND your investment! Call today!

When you buy a Certified Preowned Vehicle from Silver Sage Chev, you get standard features you won't find anywhere else, like warranty good at any GM dealer in Canada or USA, a 150+ point inspection of the vehicle, an exchange privilege that allows you to exchange it for any other vehicle on our lot for any reason at all, and 24-hour roadside assistance. When you think about it, buying from Silver Sage Chev just makes sense.

We are located at 320 Highway 37 North, in Shaunavon, SK... a booming town in the heart of oil & gas industry, as well as cattle country. It's a great town, with a scenic drive, lots of amenities, and many nearby attractions. We're worth your drive!

Please note: As great as this car is, and it's fully inspected through our certified process, it's too old to qualify as a Certified Pre-Owned Vehicle. So, it's just as great or better than our others, but can't come with the benefits of Certified Pre-Owned
